## **Route 8 Bridge Replacement Project Stage 1 Is Now Complete!**

We are pleased to announce that Stage 1 of the Route 8 Bridge Replacement process has been successfully completed... ahead of schedule!!

As of 7:00 AM on Friday, June 24, traffic on Route 8/25 in Bridgeport was returned to full capacity with southbound traffic realigned onto the newly reconstructed bridge and highway segment, and both NB and SB traffic returned to 4 lanes. At this time, the Chopsey Hill Road on-ramp to Route 8 SB was reopened as well.

Local roads may continue to experience minor impacts to facilitate ongoing work in the project area.

We would like to thank motorists and local residents for their patience throughout Stage 1 of the construction process.

## **BE ADVISED! Stage 2 to Begin July 16**

The Stage 2 Crossover is scheduled to begin on Saturday, July 16 and remain in effect until Saturday, July 30. Stage 2 will consist of shifting northbound traffic onto the newly reconstructed southbound portion of Route 8 in Bridgeport between Exits 4 and 5.

Stay tuned to future email blasts for further information on Stage 2 construction!
